Lansdale Day, 6/1/19, brought about some beautiful, hot weather and a good size crowd.

We set up our products booth.

Mary took blood pressures.

Barry played music.

Jerry got the kids all "revved" up.

Thank you to all our members who supported Kira's car smash, also on 6/1, at New Beginnings Church. A nice sum of money was raised for suicide prevention.

Honor Flight Philadelphia Ride

by Keith Who

Captains Log 6/2/2019 3:45pm

The ride started off on time and harmless enough. Most of the riders (BCMC and an equal number of the American Legion Riders) met us at the Wawa in Skippack. After hiding from the sun's blinding rays under the tree cover, we departed to meet the rest of the riders at the Trooper Wawa. As we approached the stoplight at Trooper and Egypt Roads there was an uneasiness about the weather as you could see ahead the skies beginning to change. Rosko in his always optimistic state of mind dismissed the first few rain drops. Less than a quarter mile later down the road, as we approached the Wawa, the heavens opened up dumping buckets of water and pea sized hail on us until we could take cover. Fifteen minutes later the sun was out, however several of the folks with the fancy phones and weather apps were quick to point out that we had a lot more significant weather coming our way, and so it was agreed upon by all to suspend the ride for the day.

Here is the only photo Brad was able to capture while taking shelter from the storm.

Here are some scenes, courtesy of Brad, from the 6/3/19 ABATE Rights Rally.

GOLD STAR MOTHERS

The fallen veterans smiled down on their families on 6/9/19 & blessed them with a spectacular day of sun & warmth.

Participating with BCMC were BACA Bucks, BACA Montgomery, Motorcyclists for Jesus, Ambassadors for Christ, RMC, Last Days Motorcycle Ministry, American Legion Riders & IV HOG.

Mission Barbecue served up hamburgers, hot dogs, BBQ chicken & pork, beans, mac & cheese, potato salad, coleslaw, drinks & cake. Delicious!

On 6/14/19 we had our first attempt at a new kind of blood drive at Biological Specialty Company in Colmar. Response was not too strong, but if a donor was accepted, \$45 was donated to Fisher House on behalf of veterans. Even if just an attempt was made, \$10 was to be donated.

HESPEL'S HISTORY

The year 1963 did not start out so good due to the death of one of our members, Frank Fisk, who suffered a heart attack in January. We extended electric from the club house to the refreshment stand which is a big help on Race day. This year was the first time that we signed entries of 100 riders at one of our races. The club sponsored a Benefit Race for the Skippack Fire Co. and Ambulance Corps, which benefited each organization \$152.00. The 1963 Turkey Run was won by Chester Fluck.

There are old bikers.
But there are NO old, drunk bikers.**

Social Ride

GREAT WEEKEND FOR RIDING!!

On the pulchritudious evening of 6/21/19, 18 bikes and 5 trikes rode winding curves past lovely homes, through an enchanted forest and beside a golf course to Ye Olde Alehouse in Lasfayette Hill. 24 people enjoyed a meal,

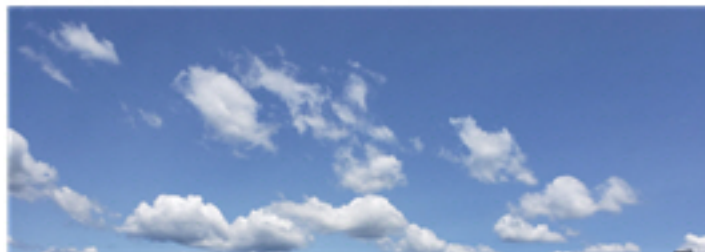

especially the hot roast beef sandwiches. Thank you, Brian!

ROSKO'S

I Sat. 6/22/19 brought about
D another gorgeous day.
E

We started at our usual WaWa.

We rode through sleepy, little towns.

We passed fields of crops and farmhouses, and rode all along the beautiful Delaware River and the canal in Easton.

We made a stop at the spectacular Delaware Water Gap.

ROSKO'S I D E

We headed into the hills and arrived at the Pocono Indian Museum in E. Stroudsburg.

It was a small, well-stocked museum depicting the history of the Delaware Indians through displays of ancient weapons, tools, primitive housing, foods and medicines, with a charming gift shop at the end.

We finished with lunch at Muller's Family Restaurant where we got good food and pleasant service .

Here's who enjoyed the trip:

Opie, Mary, John, Lori, Drew, Rosko, Cowboy, Jim, Jordan, Keith kneeling

Next time it could be you!

The perfect weather continued on into Sunday 6/23/19 for Mole's Garage Day.
