

On 9/14/19, 13 members & friends of BCMC helped the Borough of North Wales celebrate their 150th Anniversary by riding in their (very slow) parade. Although it was a cloudy day, it did not rain on their parade.

BIKER SUNDAY

WORSHIP, ROAST 'N RIDE

SUNDAY, SEPTEMBER 15, 2019 - 10:00 AM

On a gorgeous day, hundreds of bikers & other worshippers came together on the beautiful grounds of Line Lexington Mennonite Church for a day of fellowship. After, the

service, they fed us pork, hotdogs, sauerkraut, beans, coleslaw, applesauce & desserts.

Happy trails to you

Sat. 9/21/19 was Trail Day again. We had a great day weatherwise, which brought out 24 paid riders of all ages.

Cowboy kept an eye on things at Trail Day

Mary was in charge of supplying the hungry bikers & workers with hotdogs & hamburgers.

This is Brave Boy Braden, not even 5 yrs. old yet. He gave us all a scare when he lost control of his dirt bike, gained speed, went airborne & crashed head first into the side of Brad's jeep. He was taken to the hospital by ambulance for a full evaluation. What a relief that he ended up with only a black eye & a scratch on his cheek. Brad's jeep & the dirt bike were not as fortunate.

Trail Day was also work day. Keith & other volunteers got everything ready for next week's race day. They checked out all the electronic gadgets & the gas powered equipment. They also filled in some huge animal hole leading under the pavilion. Who knows what was living under there?

Social Ride on 9/27/2019

On our last social ride of the season, following Keith, we did indeed do a drive-by at Jeanie's house for her birthday. She was waiting outside for us. Since it was already dark, and she couldn't really see us, we made as much noise as possible to announce our presence. Then we went on to Freddy Hill Farms on Sumneytown Pike in Lansdale for some icecream & milkshakes. Although it looks to be a pretty neat place, we did not get the full effect after dark. Maybe we can take another ride there earlier in the season.

9/28/19 HARE SCRAMBLE

We got off to an early start in the darkness of 6am. When the sun came out, it shone on a beautiful, warm day with a nice breeze. The weather had been pretty dry, so mud was not a problem. We dealt with dust instead!

RACE

We had many club members to help in all aspects of race day- registration, food all day long, parking, scoring, bike wash, flagging, trophy presentation, start line, finish line, sweepers & much more. We had 12 Pee Wees, 23 Junior/Youth, 45 Adult C & 21 Adult A/B racers for a total of 101. This was not our best race ever, but all in all, we had a pretty good turn-out.

4 yr. old Bryce is ready to roll!

BRAID HAS FUN WITH FOTOS!

50 Rules of Grey

Here are a few responsibilities to practice;

1. Arrive on time
2. Be attentive
3. Participate actively
4. Work with others in a cooperative way

Hope to see you guys at the meeting. R.O.N.

Words of Wisdom

The older we get, the fewer things seem worth waiting in line for.
