Deep in the heart of the Amazon rain forest, there is a hidden tribe of bikers. These bikers are efficient artists with the deadly blow gun. Each week they meet to hone their skills.

If you wander into their lair, beware, lest you become the target of their poison darts!

2022 and we're off and running with the first Grey Rules meeting on Wednesday Feb.9th.

Your attendance and participation is always welcome. Come out and learn about some of our exciting history plus some proposed laws that could affect us, and yes, we will discuss some of the important Grey Rules. New people should check with their sponsors regarding the importance of your attendance.
