JANUARY

2023

MEMBER NEWS!!!

The winter is so quiet.... I know I'm ready for riding season to kick into gear!! But I do have a little bit of news to report! At our business meeting on Jan 13, Rachel McLead (Queenie) was voted in as a probationary member! We all know her already, since she's the daughter of Bill and Christine McLead. There's definitely something special about seeing generations of riders become members of this club. Welcome and good luck in your probie year!!!

January is a quiet month around the club. We did have a group take a ride out to O'Grady's for breakfast on New Year's Day....but alas I forgot to take pictures!!! Could be that I had too many libations the night before? The world may never know. The 14 of us had a lovely breakfast and a nice ride despite the cold weather!

HANG OUT NIGHT JANUARY 20

As you all know, we are getting a new building!!! There will be updates along the way from the building committee and the Officers. Look for big changes in the coming spring/summer! Thanks to everyone involved in making this happen!! It's been a LONG time coming, and we are looking forward to seeing it come to fruition!
